

Recommended Websites and Apps

Using fun and interactive games can be a great way to help your child learn in a different way. Below is a list of some websites that could be of use:

<http://www.primaryhomeworkhelp.co.uk/>

Look at the Maths and Literacy zones where you can find numerous links to games that cover a vast range of topics.

<http://www.bbc.co.uk/schools/ks1bitesize>

Numerous Maths and English games that will help you child to revise topics looked at this year.

<http://www.ictgames.com>

More games linked to English and Maths for the children to explore.

<http://www.primarygames.com>

Some great games that explore different topics.

<http://www.mathsphere.co.uk/resources>

A maths worksheet website where you can order numerous worksheets from, or use their free resources.

We have tried our utmost to suggest websites we know and trust. However we suggest your child is supervised whilst using these websites.

There are also some great Apps you can get to be used:

Maths: Mathletics, Times Tables Rock Stars, Number Battle, Multiplication Genius, Bugs and Buttons, Bond Bonanza, Doodle Maths, Hit the Button, Friends of Ten,

English: Week's words, Spelling Bee, Pocket phonics, cbeebies story time, Squeebles, Hairy Letters, Twinkl Phonics

Don't forget there is also the school's website which has guides:

<http://www.whitestone-infantschool.co.uk>

There are also many activities to use on the Learning Platform:
